Career Objective

Passionate B.Tech Artificial Intelligence student with strong interests in Machine Learning, Software Development, and AI applications. Skilled in Python, Scikit-learn, and Streamlit with experience building end-to-end machine learning projects. Seeking Software Developer or Machine Learning Engineer opportunities to develop impactful AI-driven solutions.

Education

B.Tech in Artificial Intelligence 2023–2027
Alipurduar Government Engineering and Management College

Higher Secondary (PCMB) 2023
Khatra High School — **92.6%**

Secondary Education 2021
Khatra Sishu Niketan — **93.85%**

Projects

Heart Disease Prediction using Machine Learning
Python, Streamlit, Scikit-learn, Pandas, Joblib

- Developed a machine learning web application to predict heart disease risk using patient medical parameters.
- Built a K-Nearest Neighbors (KNN) classification model with StandardScaler preprocessing.
- Applied One-Hot Encoding for categorical features and optimized the prediction pipeline.
- Designed an interactive Streamlit interface for real-time predictions.
- Deployed the application on Streamlit Community Cloud.

Movie Recommendation System (Live)
Python, Pandas, NumPy, Scikit-learn, Streamlit, TMDB API

- Built a content-based movie recommendation system using cosine similarity.
- Performed feature engineering on genres, cast, keywords, and overview.
- Generated personalized Top-5 movie recommendations.
- Integrated TMDB API to dynamically fetch movie posters.
- Developed and deployed an interactive Streamlit web application.

Technical Skills

Programming Languages: Python, Java, HTML, CSS
Machine Learning: Scikit-learn, KNN, Data Preprocessing, Feature Engineering, Model Deployment
Libraries: Pandas, NumPy, Joblib
Frameworks: Streamlit
Developer Tools: Git, GitHub, VS Code, Jupyter Notebook
Core Subjects: Data Structures, Object-Oriented Programming, Machine Learning, Data Visualization

Certifications

- Data Analytics Job Simulation – Deloitte Forage (2025)
- Data Visualization: Empowering Business with Effective Insights – Tata Forage (2025)
- NPTEL – Problem Solving Through Programming in C (2024)

Soft Skills

Problem Solving • Communication • Teamwork • Self-Learning • Analytical Thinking • Time Management
